

Whether you've a load rating for your goods lift of 250kg or 10,000kg, we're able to offer a fantastic range of high quality and low maintenance service lifts to suit your needs.

We have a fantastic reputation for supplying and reliably maintaining service lifts across multiple sites, including retail stores, usually the most demanding of all.

With our expert experience and knowledge across installing and servicing all type of goods and service lifts, we're able to offer a solution to suit every circumstance, so whatever your requirements, don't hesitate to get in touch with us so we can provide you with the lift you're looking for – at a competitive and honest price.

DUMBWAITER

The BKG Kitchen Goods Lift

These service level lifts are available as two or three stop, single or through entry machines and come complete with vertical bi-parting landing doors and their own galvanised steel structure.

The maximum travel of 4m (two stop) or 7.3m (three stop) can be easily adjusted on site. All Advantage Dumbwaiters can be supplied with either single or 3-phase drives and all car and landing finishes across the range are stainless steel, with landings having 2 hour fire ratings as standard.

There is also a choice of brushed aluminium roller shutter or stainless steel vertical bi-parting door for car entrance protection.

Wherever food, drinks or other small goods need to be transported between floors, the BKG range of bespoke dumbwaiters offers the ideal answer.

Each BKG Bespoke Dumbwaiter is tailored to meet the most exacting of requirements and each lift is built specifically to match customers' needs.

All BKG Bespoke Dumbwaiters come with vertical bi-parting landing doors and their own galvanized steel structure. Conventional models come complete with a machine access door. Capacity, travel, speed, number of stops, car dimensions, loading, entrance type, finishes etc can all be varied to customize the lift to match the site requirements.
